Sir:

Berol Corporation (hereinafter "Assignee"), a Delaware corporation, 29 E. Assignee hereby disclaims the terminal portion of the term of any patent granted on this application extending beyond the expiration date of any patent issuing from U.S. Patent Application Serial No. 09/857,561, and hereby agrees that any patent so granted on this application shall be enforceable only for and during such period that said patents are commonly owned, this agreement to run with any patent granted on this application and to be binding upon assignee and its successors or assigns.

Assignee does not disclaim any terminal portion of the term of any patent granted on this application prior to the expiration date of the full statutory term of any patent issuing from U.S. Patent Application Serial No. 09/857,561, in the event that said patent(s) issuing from U.S. Patent Application Serial No. 09/857,561 later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or in part or is terminally disclaimed under 37 CFR 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

The documents establishing the assignee's chain of title have been reviewed by the undersigned and the undersigned certifies that to the best of his/her knowledge and belief, title is in the assignee.

Enclosed is a check in the amount of \$110 to cover the terminal disclaimer fee.
